

## VENUE

The ENSEARCH Training Centre is located near IKEA and Tesco. It is easily accessible via the NKVE and the LDP.

## IMPORTANT NOTICE

Payment is required with registration and must be received prior to the event to guarantee your place.

## SUBSTITUTES, CANCELLATION & CHARGES

Should you be unable to attend, a substitute is welcome to attend in your place at no additional charge. Provide the name and designation of the substitute delegate no later than 2 days from the date of the event. Participants canceling 2 weeks prior to the training will not be charged.

## Full cost will be charged to participants for "No Show".

ENSEARCH reserves the right to cancel the event or make any amendments and/or changes to the programme if warranted by circumstances beyond its control.

A surcharge of RM 50 a day will be applicable if the training is held at a hotel.

\* *HRDF Claimable\**  
(subject to PSMB's approval)

# FUNDAMENTALS OF EROSION & SEDIMENT CONTROL PLAN

ENSEARCH is organizing a training session on Erosion and Sediment Control Plan Management on 1 & 2 September 2009 at the ENSEARCH Training Centre from 9.00 am to 4.30 pm/ 12.15 pm.

This course has been designed to provide direct practical application of Erosion & Sediment Control Plan (ESCP) to people in industry who have responsibility for project development, management, planning and operations, with the desire to comply with environmental legislation and improve on their environmental performance and practices.

## COURSE OUTLINE

### 1 September 2009

#### **Morning**

- ESCP Quiz
- Rules & Regulations
- Terms/Definition and Types of Erosions
- Application/Processes of ESC
- BMPs for ESC and Their Objectives
- Erosion, Sediment & Dust Controls

#### **Afternoon**

- ESCP Model
- Hands-on ESCP (Housing Development)
- Sample of Bill of Quantities (BQ) for ESC

### 2 September 2009

#### **Morning**

- Silt Trap/Sediment Basin Size Calculation
- Maintenance & Inspection Checklist and ESCP Log
- Q&A/Discussion Session
- End of Course

## COURSE DELIVERY

An interactive approach will be used so that participants can discuss their own operations and the level of presentation can be geared to the knowledge and interests of the participants.

The course will use examples to illustrate how ESCP can be better practiced.

The course will also use visual and verbal presentation as well as group activities in each session.

## ABOUT THE FACILITATOR

Both Hj. Abu Harith bin Shamsuddin and En. Meor Mohamed Haris bin Meor Hussein graduated in Civil Engineering from United Kingdom and U.S.A respectively, and began their career more than 25 years ago in the Department of Public Works. Both specialises in Road Engineering works and Environmental Management System.

Hj. Abu Harith bin Shamsuddin is currently the Head of Senior Assistant Director at the Maintenance Branch for Services, and is involved in development and design of building maintenance facilities and sound maintenance practices. He has an extensive network of contacts in government and business in Malaysia, and is the current member of the leading professional association for environmental managers, ENSEARCH, and has represented ENSEARCH as a member of the local TC 9 sub-committee for ISO standard on Environmental Management.

En. Meor Mohamed Haris bin Meor Hussein is currently the Head of Road Division at J.K.R Perak. He is the Senior Assistant Director for J.K.R Perak. He was a member of WG5 sub-committee for Environmental Management and also the Panel for Environmental Special Award MCIEA 2008.

Both facilitators are Certified Professional in Erosion & Sediment Control (CPESC, U.S.A) since October 2007 and a Pro-tem Committee member for CPESC, Malaysia.
